

Does workforce recruitment leave you feeling frustrated?

We can build a better workforce. Together.

REDC WORKFORCE RECRUITMENT GRANT PROGRAM

 Up to \$5,000

 All Expenses Require Pre-Approval

 Only Primary Employers within the City of Rockwall may Apply

HOW CAN WE HELP?

MARKETING

The REDC's Workforce Grant can provide funds to assist you in marketing your open jobs on internet job boards, on billboards, through digital ads, or by other means that advertise available jobs, excluding signage located on your property or designed to target localized traffic. REDC can provide 50% upfront matching funds for pre-approved expenses.

RECRUITING

Get creative with your recruiting efforts. One primary employer recently used the grant to go to a specialized university across the country to recruit highly skilled workers. Another employer used grant funds to hire a headhunter firm specializing in finding quality talent that was still employed but considering a change. We encourage you to think outside the box.

ON-SITE JOB FAIRS

The REDC believes that it's incredibly beneficial for job seekers to be able to see the environment they may be working in if hired. We encourage you to host a job fair at your facility. Use the grant to advertise your job fair, purchase supplies for the event, etc. We'll promote the job fair on RockwallJobs.com and also link to your open jobs. REDC may pay 100% of pre-approved expenses.
