

Workforce Recruitment / Retention Grant Application

Name of the Company	
Company Representative / Title	
Company Employee Count in Rockwall	
Positions Desired to be Filled or Retained	

Anticipated Expenditure	Effective Date / Action	Anticipated Cost

Total Cost:

What is the Desired Outcome of the Expenditure? How Will these Efforts Meet the Intent of the Workforce Recruitment / Retention Grant?

W9 Attached / Previously Provided to REDC? (Yes / No)

I hereby attest that I have filled out the following application on behalf of my employer to the best of my knowledge. I acknowledge that details on the REDC Workforce Recruitment / Retention Grant Program have been provided to me and I agree to adhere to the rules of the Grant, as stipulated. I understand this application does not provide a commitment from the REDC for Grant funding, and that if a commitment is made, Grant funding is limited to 50% of the approved expenses (with the exception of hosting a job fair) up to a maximum \$5,000. I attest that no expenditures requested for Grant assistance have already been incurred. Additionally, because Grant funding is advanced, I understand that my employer is responsible for completing the approved expenditures for which the company received a Grant. I agree to report on the success of the approved expenditures to the REDC, and that I will provide the REDC documentation of receipts and other reasonable proof that the expenditure went into effect, upon request from the REDC.
